Programming Languages

Java Advanced
Rust Intermediate
Python Intermediate
C Intermediate

Relevant Coursework

Spring '16 Computer Architecture
Summer '17 Algorithms
Summer '17 Operating Systems
Fall '17 Advanced Web Development

Leadership & Relevant Projects

2015–2016 **Phi Delta Theta Fraternity**, *Social Chair*, Pittsburgh.
Organized weekly events for over 100 attendees
Contacted venues and caterers to set up successful formal and casual events

Side Projects

Cloud Stickies.

Implemented a 'cloud' sticky note application in the Rust programming language to help keep track of my schoolwork across separate computers. Learned a lot about server programming, multithreading, and version control.
